FOREWORD

This catalogue of Part 2 of the Elmore Jones Collection, following precedent set by Part 1, lists a (second) quarter of the coins in the collection comprising a selection from each series with the exception of the Edwardian pennies where all the coins of Classes 4-9 are offered.

As before, arrangement is by type and mint and basic references are to North's English Hammered Coinage and Seaby's Standard Catalogue of British Coins, and the British Museum Catalogues of the Coins of the Norman Kings and the Cross-and-Crosslets ("Tealby") Type of Henry II. Specialist references, often given in the text are listed separately, though they, and others, are all indexed by North in his second edition.

Again, my thanks are due to Mr. Jeffrey North who has checked the identity of the Shortcross, Longcross and Edwardian pennies, and made other very useful comments. Mr. Frank Purvey, of B. A. Seaby Ltd., has once more prepared the plates in accordance with Elmore Jones' wishes, and the weights, where given, in grains are those taken at the British Museum, consistently 0.2 grains heavier than on our office scales.

SALE CATALOGUES

On the average we issue twelve or more Coin Catalogues and three Naval & Military Medal Catalogues each year, some of which are usually of Sales of important Collections.

CATALOGUE SUBSCRIPTIONS

Sale Catalogues, frequently illustrated, are normally posted to Subscribers about three weeks prior to the date of Sale.

Lists of "Prices Bid" are issued after each Sale, thus giving at a glance a reliable guide to value. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading. The Lists of "Prices Bid" will probably be enclosed in a following Sale Catalogue.

AIR MAIL POSTAGE

To allow subscribers resident outside Europe time to submit Postal Bids, Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and the cost must be borne by the Subscriber. In such cases a deposit against the cost is required.
